YOUR AUTHORS

**TOM
BUTLER**

Tom is a web developer, a Ph.D student researching software best practices, and university lecturer from the UK with an interest in programming best practices, separation of concerns and a "less is more" approach to code.

**KEVIN
YANK**

Before joining Culture Amp in 2015, Kevin taught a generation of web developers during his time at SitePoint, starting with the first edition of the book that you now hold in your hands. While there, he helped to launch success stories like 99designs and Flippa. More recently, he quizzed web developers on HTML, CSS and JavaScript by leading the team behind Sit the Test, and has spoken at tech conferences around the world.
